Subject: MLPAComments: Package 2

Dear Blue Ribbon Panel,

My husband and I are both Divemasters who frequently enjoy diving along the Monterey-Carmel peninsula; and, we wish to urge you to adopt Package 2 as the Preferred Alternative rather than Package "S" Package 2 provides much needed protection for the fragile marine ecosystems of these astonishingly beautiful areas. Considering the increasing dangers to our oceans, we must not lose this opportunity to preserve this portion of our coast.

Thank you.

Carol Atkinson
